

Company Smoking Policy Statement

From the 18th June 2007 George Law became a "No Smoking" company. This complies with legislation and promotes the "Well Being" of all of us.

All smoking on company premises is prohibited. Smoking is banned in all building site accommodation and any other enclosed or covered areas of a building site.

Most building sites will be totally smoke free due to location, size and client requirements.

I hope you will all assist in the implementation of this policy which is aimed at making us all healthier.

If you require further information on this policy it is contained in company procedure MRP11 or speak to me or any of the other Directors.
